## Steve's Sound-Off

April 2015

Dear Friends and Colleagues:

The end of the school year is quickly approaching; have you made summer learning arrangements for yourself and your students? Please consider joining the National Principals Academy this June for a workshop featuring Laurie Barron and students, please join us for an iLead summer leadership experience! Hope to see you all there!

-Steve

## Success Story of the Month

Waynesburg Elementary School in Waynesburg, Kentucky put in the work and is now seeing RESULTS! EES has been implementing its Framing Your Success program this school year to help Waynesburg teachers better understand common core standards and focus on a higher-level of questioning. Through the leadership provided by Principal Mark Upchurch and Mrs. Missy Robbins, the Academic Program Consultant, teachers were given the support and tools necessary to make EES' Continuous Improvement Cycle model meet their needs.

"We are very excited with our improvements across the board," said Missy Robbins.

These improvements include:

- Kindergarten had 93.2% of students scoring at a level 3 or 4 in reading on PAS A (up from 57.2%)
- 1st Grade had 82.2% of students scoring at a level 3 or 4 in reading on PAS A (up from 20%)
- Math showed increases at all levels.

Congrats to the whole team of teachers, administrators, and students for their hard work!

## EES at NAREN and Share Fair DC

This April, EES team members presented iLead 21 at two events around the

DC Metro area: NAREN and Share Fair.

Through 'Be the Captain of Your Leadership: Self-Awareness for Youth Success' at [NAREN](#) in Baltimore, Maryland, an audience of educators who work with at-risk youth were introduced to the the iLead process and how it relates to youth self-awareness. The conference space was interactive, engaging, and inspiring! For more information on self-awareness and the effective leader, [click here](#)

At Share Fair DC, EES hosted an interactive workshop on the George Washington University campus. Educators, students, and communities came together to share hands-on, brains-on education methods.
