Steve's Sound-Off

April 2017

Dear Friends and Colleagues:

Learning to be a learner is one of the most valuable experiences a school can provide for its students; project-based learning that is student-centered, interdisciplinary, and *relevant* can help foster active, engaged learners both in and out of school. Are you moving beyond the text book and providing opportunities for your students to guide their own learning?

All the best,
Steve Edwards
