Dear Friends and Colleagues:

Leaves and temperatures might be falling, but educational excellence across the globe is on the rise! Check out news from the National Youth at Risk Conference and the livestream of the HundrED Innovation Summit!

All the best,
Steve Edwards

National Youth at Risk Conference

"No single factor has a greater impact on the trajectory of an organization than its climate and culture," shared Steve Edwards during his keynote at the [National Youth at Risk Conference](#) in San Antonio, Texas this October. During his keynote titled, "Creating Cathedrals of Learning, Not Fortresses of Fear", Steve provided many strategies on how schools can transform themselves into positive, vibrant learning environments. The National Youth at Risk Conference aims to train adults who serve youth to create safe, healthy, caring, and intellectually empowering environments that foster the well-being of all children and adolescents.
